

SHIN THANT LWIN

frontend developer

Hi! I'm Shin Thant Lwin, a passionate and skilled Frontend Developer specializing in React and Next.js. With 2+ years of experience in web development, I've had the opportunity to work on a variety of projects, including admin dashboards, e-commerce platforms, invoicing systems, booking platforms, job seeker sites, and entertainment websites.\

I specialize in building responsive, user-friendly websites with React, Next.js, and frontend frameworks like Tailwind CSS, Bootstrap, ShadCN, Material UI, Aceternity UI, and Framer Motion.

If you're looking for a frontend developer with experience in UI/UX design and web development, feel free to reach out! You can explore my portfolio at <https://portfolio-nine-murex-62.vercel.app/> to view my projects, certifications, and skills.

EXPERIENCES

Frontend Developer 2023 - 2024	Circles X, Yangon Myanmar At CirclesX, I've been building user-friendly websites using React, and Next Js. I work closely with designers to create seamless experiences for our users. It's been a great learning experience in a supportive team environment.
UI / UX Instructor 2021 -2022	Study Online Myanmar(SOM) I've enjoyed sharing my expertise with eager learners, guiding them in understanding design principles and user-centered thinking. It's been a rewarding experience contributing to the growth of aspiring designers while enhancing my own skills along the way, volunteering as a UI/UX instructor at SOM
SWD Workshop 2022 -2023	MMS One Stop IT Solutions(MMSIT) During my time at MMSIT, I engaged in workshops involving teamwork on over three projects. These experiences enhanced my collaboration skills, technical proficiency, and understanding of project dynamics.
Frontend Developer 2022 -2023	Collaborating With A UI/UX Designer On A Project In this collaborative endeavor, I had the privilege of working alongside friends and a skilled UI/UX designer on a project. Our combined efforts brought forth a dynamic synergy, blending technical prowess with creative design sensibilities. Through open communication and shared vision, we navigated challenges, refined ideas, and transformed concepts into reality

SKILLS

HTML	<div><div></div></div>	Bootstrap	<div><div></div></div>
CSS	<div><div></div></div>	Tailwind	<div><div></div></div>
Javascript	<div><div></div></div>	Sass	<div><div></div></div>
React	<div><div></div></div>	Git/Github	<div><div></div></div>
Next Js	<div><div></div></div>	Figma	<div><div></div></div>
Redux	<div><div></div></div>	Adobe XD	<div><div></div></div>
Typescript	<div><div></div></div>	React I18 Next	<div><div></div></div>

CERTIFICATIONS

Special Web Design(SWD) 2022 -2023	MMS One Stop IT Solutions(MMSIT) MMSIT's Frontend Development certification program offers a comprehensive curriculum covering HTML, CSS, JavaScript, and React, ensuring students are well-prepared for employment in frontend development roles. With a focus on practical skills and real-world projects, students acquire the expertise needed to succeed in the industry upon completion of the program.
React JS 2022 -2023	Compass Compass's Advanced ReactJS course delves deep into advanced concepts like state management, component patterns, and performance optimization. Students emerge proficient in leveraging React for complex projects, ready to excel in frontend development roles.
UI/UX Design 2021 -2022	Binary Digital Toolbox During my time at MMSIT, I engaged in workshops involving teamwork on over three projects. These experiences enhanced my collaboration skills, technical proficiency, and understanding of project dynamics.
